And maybe, you like the hotel room theme so much, that you even feel like to spend a movie night in bed.

The matching DVDs are available for you.

## LIVING WITH THE STARS

We are pleased to welcome you as a guest in our owner-operated „**boutique hotel**“. With the general renovation in 2016 we have only left the foundation walls and brought into a brand new hotel concept. True to the name „**Star Hotel**“ - **for 40 years - we have brought Hollywood to Frankfurt** and built a hotel, as it is unique in Germany.

**Each room has been dedicated to a star from the world of music or film.** The spectrum ranges from legends such as Charlie Chaplin and Marilyn Monroe and current stars like Johnny Depp and Daniel Craig to music giants like Frank Sinatra and Michael Jackson. We have everything so reticent styled in **black / white**, you do not necessarily need to be a fan of this artist to feel comfortable with us.

## BREAKFAST TIME TO ENJOY

In the morning, we would then pamper you personally. It offers coffee specialties and a rich breakfast buffet with healthy fruits, fresh juices and granola cereal. You sit surrounded by stars, on the walls seduce their autographs to dream.

## SKYLINE LOUNGE AS OWN VIP TERRACE

In good weather, there is no better place than to see perish the sun behind the skyscrapers on the hotel's Sky-Deck in a patio chair.
